An Important Letter About Geography Spin

Dear Teachers,

We’ve got some big news to share—the geography content you love is getting a new spin. At the end of the school year, we’ll be discontinuing Geography Spin®.

What does that mean? It means that our April/May issue will be the last. Not to worry! Our website—geographyspin.scholastic.com—will remain open. You’ll still be able to access all the exciting Geography Spin archived resources, including articles, videos and skills sheets.

Going forward, you’ll be seeing more geography and map-skills activities in Scholastic News® magazines and on our website.

Let’s continue to explore the globe together!

Audra Wallace
